

**MAKE NO MISTAKE...**

**AMAZON IS INVESTING IN AMAZON...NOT LIC!**

**Don't let Amazon steal public land, open space, and ignore resiliency**

## Amazon Exploits *Everything Under the Sun...* What a Deal!

**What deal?** A back door deal giving 3 billion of YOUR TAX DOLLARS to a trillion dollar company that paid the Federal government NO TAXES in 2017 - shifting the tax burden from corporations onto your backs!

**Who's land?** Our PUBLIC WATERFRONT LAND AND BUILDINGS, desperately needed for schools, sports & community centers, and green space, is being given to a private company for their profit without public consent.

**Rising costs?** Amazon's presence fuels SKY-ROCKETING RENTS AND COSTS OF LIVING displacing local residents, artists and small businesses.

**Climate disrupter?** Amazon is building in a floodplain where wetland is needed for open space and to act as a sponge against sea level rise. This will cause further FLOODING AND SEWAGE overflow onto our streets.

**Infrastructure for whom?** For Amazon! LIC infrastructure needs are estimated at \$2-3 billion NOW. Adding 25-40,000 people will OVERLOAD OUR ALREADY CRUMBLING INFRASTRUCTURE.

**A school?** The school Amazon is offering is ON OUR PUBLIC LAND and WAS ALREADY PLANNED! A second planned school on 11th Street is no longer part of the deal.

**Who are these jobs for?** Amazon is not bringing 25,000 jobs. They're relocating jobs from out-of-state -- subsidized by YOUR TAX DOLLARS. And they're UNION BUSTING!

**Good corporate neighbor?** In Seattle, Amazon's presence helped drive HOMELESSNESS UP BY 160% and people LIVING OUT OF CARS BY 400%. Amazon agreed to a tax to address displacement but then sued Seattle and renege on the deal.
